Describe involvement of partners to enhance the mitigation activity outcome.

The relocation to 53 acre site has the support of NC Office of Resilient Recovery (NCORR) that is deploying an aggressive acquisition program in the Town of Princeville through designating priority acquisition areas. These targeted areas are subject to catastrophic and repetitive flood events. This project

Discuss how anticipated future conditions are addressed by this project.

The acquisition and relocation of Town of Princeville residents from the lowest lying areas of the community alleviates repetitive flood losses through inundation by the Tar River.
