

**North Carolina Reentry Stakeholder Database
Updated 3.3.2021**

The information in this North Carolina Reentry Stakeholder Database comes from multiple sources and was last updated on March 3, 2021. As of that date, counties in green have a Local Reentry Council (LRC) and counties in red have no identified reentry contacts.

The database was created to identify and help connect reentry contacts in each of North Carolina's 100 counties who are serving people returning from incarceration. The goal is to improve information sharing and strengthen connections among stakeholders within and across counties. The database is a public resource and is meant to be shared widely.

Strategies to collect the names included in the tracker included publicly available documents, interview with stakeholders, and targeted outreach to identify at least one reentry contact in every NC county.

The database effort was part of the Landscape Scan of Local Reentry Services in North Carolina project. In conjunction with the state's reentry action plan, the landscape scan of local reentry services explored the services and supports available across the state, prevalent gaps or unmet needs, and creation of the database. One purpose of the database is to ensure that at least one person per county – and in some cases, many people in a county - receives information related to reentry from the NC Departments of Public Safety, Health and Human Services, Commerce, the Attorney General's office, Office of Strategic Partnerships, and others. The final report from the project will include recommendations for strengthening and supporting local reentry efforts. The project team lead is consultant Sam Harvell with Three Flights LLC. Project partners have included the State Reentry Council Collaborative steering committee and local implementation team.

Every effort was made to ensure a complete list. It is not an official distribution list but a public resource shared with and designed to be used by the community at large.

Please direct any questions or corrections to Irene Lawrence, irene.lawrence@ncdps.gov.
(To optimize printing, select "fit all columns on one page" and switch page orientation to landscape.)
