AUDIT FINDINGS

NARRATIVE

Lanesboro Correctional Institution received an on-site PREA audit on November 16th and November 17th, 2016 by DOJ Certified PREA Auditor G. Peter Zeegers. Prior to the on-site visit, the facility provided a completed PREA Questionnaire and a flash-drive with the requested documents. The auditor reviewed the same documents prior to and during the on-site visit. The auditor contacted the facility one week prior to the audit to review the on-site audit process, time lines, and to request additional information be made available on the first day of the audit. These documents included inmate rosters and staff assignments. There was one inmate letter received after the on-site audit. This was sent to the statewide PREA Office for resolution.

The on-site audit began with a meeting between the PREA Auditor, Administrator, Assistant Superintendent/PREA Compliance Manager, (2) Sergeants, (3) Unit Managers, (2) Case Managers, Inmate Assignment Coordinator, CCM, PREA Investigator, Lieutenant, Maintenance Manager, (2) Captains, and Administrative Service Manager. The discussion focused on the audit process, the interim/final 45-day report, Corrective Action Plan period, and the final report. The meeting was followed by a tour of the program.

During the tour, the auditor observed PREA notices and Zero Tolerance posters in the facility where both inmates and staff had access to the information. The tour included administration, visitation, programming offices, intake/receiving, restrictive housing unit, medical/dental, recreation areas, education, chapel, laundry, central control, dining hall, kitchen/food service, maintenance, chapel, vocational classrooms, canteen, and housing units. Each housing unit holds several wings. During the facility tour, it was noted that there were privacy concerns in bathroom/shower areas. 30 toilets were removed and capped in certain dorms. These toilets had no cover for privacy. In the controlled housing unit there were 16 showers that needed privacy. During the 45 days after the on-site audit all issues were corrected. This auditor viewed each corrected area via email scans on 12/5/2016. The institution is now in full compliance.

Interviewees were randomly selected for both inmates and staff. There were a total of 14 random inmates interviewed. A total of 10 random staff were interviewed, as well as 14 specialized interviews were conducted. The Agency Head and Agency-wide PREA Coordinator were interviewed prior to this audit by this auditor.

There were 17 allegations of sexual abuse and/or sexual harassment within the facility in the past 12 months. There was one substantiated allegation of sexual abuse, seven were criminal in nature. All allegations were investigated in a timely manner according to policy and procedures.

DESCRIPTION OF FACILITY CHARACTERISTICS

Lanesboro Correctional Institution is a state prison. This facility is operated by the state of North Carolina and is used to house and rehabilitate the inmates. Inmates at NCDPS – LCI are generally housed in locked cells during the night and are provided certain privileges such as the use of a recreation area, TV, phones and in some cases many have a job within the institution. LCI is a high security facility. NCDPS – LCI has a reinforced perimeter. Inmates are either housed on their own or with another inmate. The safety of the inmates is closely monitored, with a high number of staff with inmate movement closely monitored. The NCDPS Mission is to promote the elimination of undue familiarity and sexual abuse amongst the offender population.

This facility sits on land in Polkton, NC and houses a maximum of 2400 inmates. The facility is operated under the Unit Management concept which allows the facility to break down a large inmate population into smaller, more manageable groups. This concept provides more individualized correctional services to inmates, while maintaining safe and humane living conditions. There are approximately 584 staff to accommodate the daily operations.

There are four main housing units to include restricted housing. There is also a minimum housing unit located in the main prison. At the entrance of each building, there is a PREA bulletin board that provides information regarding the Agency's Zero-Tolerance information, including how to report and access to outside services. Inmates and staff pass these boards multiple times during a 24-hour period moving from the dorms to meals, education, vocation, and recreation. Keeping with the Unit Management concept, each housing building contains a canteen and access to the recreation yard. All housing units contain toilets and showers that have been modified to provide privacy.

Lanesboro Correctional Institution provides educational and vocational programming to inmates. These include but are not limited to: ABE Level 1, High School Equivalency, CE Human Resources, Adult Outreach, CE Employment Reading, Logistics, and Food Service. Inmates are provided jobs as an assistant cook, cook, baker, supply clerk, canteen operators, clothes house operator, recreation clerk, library clerk, teacher assistant, janitors, barbers, grounds keepers, maintenance, painter, recycling worker, upholsterer, woodworking, medium road squad, and kitchen workers. Other programming offered includes religious services, AA/NA, Thinking for a Change, Service Clubs, and Commitment to Change.

Sexual Assault Forensic Examinations are conducted at Charlotte Mecklenburg Union Hospital. Both medical and mental health staff are

located at the facility and are available as requested.

SUMMARY OF AUDIT FINDINGS

The facility has a Sexual Assault Response Team (SART) and PREA Support Persons (PSP). Both groups are activated when there is an allegation of sexual assault. The PREA Support Person plays an important role in assisting the victim through the various activities associated with an allegation (investigation, medical exam, interview, support services).

Computerized Incident Reports are well written and contain documentation of medical/mental health services provided as required. Additionally, outside law enforcement investigations are noted, where appropriate, and the outcome is documented.

The facility staff were very helpful, very professional, and well versed in PREA activities at the facility level. The facility response to privacy concerns were immediately addressed and that confirms the facility commitment to ensuring the safety of all inmates. It was a pleasure to work with the Administrator and his staff.

The agency conducts a risk assessment at the reception and diagnostic center upon the initial intake of inmates into the state system. This is completed within 72 hours of arrival. The risk assessment contains all elements of the standard. This assessment is required to be reviewed within 30 days of intake. If the inmate reports a victimization or identifies as sexually aggressive, notification is made to medical, the Administrator and the PREA Compliance Manager to begin services as required by policy. The policy prohibits inmates from being disciplined for refusing to answer questions from the screening. Only those staff with appropriate credentials have access to this electronically maintained information.

The agency produces a High Risk of Victimization list (HRV) to the facility that is reviewed alongside the High Risk of Abusiveness List (HRA) to ensure that all housing, work, and programming services are assigned with the protection of the inmates as a key factor. Upon intake at a reception center, the inmate and staff complete the Mental Health Screening Inventory. This tool identifies all required components of the standard. From this document, two lists are produced – the HRV and the HRA (see above). These lists are protected from viewing of staff who do not have an immediate need to know and access is only provided to the Administrator, PREA Compliance Manager, Assistant Superintendent for Custody and Operations, Assistant Superintendent for Programs, and the Inmate Assignment Coordinators, or IAC. It is the responsibility for the designated staff to run these lists weekly to review for appropriate placement.

The policy addresses clear guidelines, including limits, for housing and work assignments based on the safety of all inmates. The policy requires a bi-annual review of housing for transgender and intersex inmates. The policy also provides for all transgender and intersex inmates to shower separately from all other inmates, and are assessed for their own perception of risk at the facility.

The current system includes a review of the High Risk Victimization (HRV) and the High Risk of Aggression (HRA) list at the facility on a weekly basis, or more often if needed, to ensure that inmates are placed in educational, vocational, and housing that ensures their safety. Inmates who are identified as HRV are placed in closer proximity to the staff in the housing units.

The agency has numerous ways for an inmate to internally report sexual abuse or sexual harassment. Methods of reporting include telling a staff, writing a grievance or letter to the PREA Coordinator and third-party reporting. Externally, the agency provides the address of the North Carolina Prison Legal Services (PLS). It was confirmed through conversation with the administration that mail sent to the PLS or the PREA Coordinator is treated as legal correspondence and is not opened at the facility level. The posters in the facility provided the address for PLS, and inmate brochures detailed this as a method of reporting sexual abuse or sexual harassment. Interviews confirmed that staff at the program are aware that they may report privately through the Fraud/Waste/Abuse Hotline or through email with the PREA Coordinator if they do not wish to report through the Chain of Command.
