

Any inmate except those with convictions for Class A, B1 or B2 felony or any crime requiring registration as a sex offender, meeting the definition of Terminally Ill, Permanently and Totally Disabled or Geriatric as indicated below can be considered for Medical Release.

Terminally Ill - An incurable condition as determined by a licensed physician caused by an illness or disease that was unknown at the time of sentencing or has progressed since sentencing and will likely produce death within 9 months and is so debilitating that he/she poses low or no risk to public safety.

Permanently and Totally Disabled - An irreversible physical incapacitation as determined by a licensed physician caused by an existing physical or medical condition that was unknown at the time of sentencing or has progressed since sentencing to render the inmate to be permanently disabled and so debilitated that he/she poses low or no risk to public safety.

Geriatric - An inmate who is 55 years or older who suffers from chronic infirmity, illness or disease related to aging that has progressed such that the inmate is incapacitated to the point that he/she poses low or no risk to public safety.
