Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	13
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	1
61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	3

<p>65. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>3</p>
<p>66. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>After review of facility rosters, a tour of the facility, formal and informal interviews with staff and offenders, this category of targeted offender did not appear to be at the facility during the onsite review.</p>
<p>67. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:</p>	<p>2</p>

The Auditor randomly chose interview names of staff working in on both shifts, different housing units and work assignment.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>Was the site review an active, inquiring process that included the following:</p>	
<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>88. Informal conversations with staff during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
<p>Documentation Sampling</p>	
<p>Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.</p>	
<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	2	0	2	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	2	0	2	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

Through interviews with offenders and personnel and review of offender and personnel files, it is evident that this facility interweaves requirements for PREA throughout their daily protocols. Both offenders and staff could speak to facility PREA practices and protocols being used as is described in the agency's Offender Sexual Abuse and Sexual Harassment Policy. Of the 30 offenders interviewed, 26 completed a full interview and each of the 26 stated as far as sexual safety was concerned, each felt safe in the facility.

Site Review Observation:

During the tour of the facility, the Auditor witnessed standardized bulletin boards in offender living units and highly trafficked areas throughout the facility. Postings of the following were observed in English and Spanish: multi-colored Audit Notices, Sexual Abuse Awareness for Inmates, Prison Rape Elimination Act, Reporting - Help Prevent Prisons Sexual Violence, and Professionalism Boundary Violations.

The facility has three living units, each with four dorms, all open and operable. Each dorm has two tiers, with a bathroom on each tier. Bathroom are equipped with one shower each with three shower head, each having a shower curtain. Toilets are surrounded on three walls with cinder block walls. Due to the location of the toilets a recommendation for coverage can be found in standard 115.15. The facility has a restricted housing building with two sides, each equipped with single cell wet cells with toilets situated off to the side out of line of sight of those passing. There is one shower per side equipped with shower curtains at the shower entrance and a steel grid door.

During the tour, multiple informal interviews were conducted with offenders and staff. Offenders stated they were aware of PREA and how to report through information posted near telephones and or telling a staff member. Staff stated they had received

training on PREA, understood they would separate offenders if they suspected sexual abuse and immediately report any information received regarding allegations of sexual harassment or sexual abuse to their supervisor who reports through the chain of command.

Cameras were reviewed in the Correctional Warden III's office. All cameras provided clear views of areas in and outside of the facility. Cameras in search areas demonstrated search stalls were pixelated and shower areas had a black box on the camera to ensure privacy during showers in all dorms throughout the building.

(a) The Hyde Correctional Institution PAQ states the agency Safe Prisons/PREA Plan mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 5, section .3404, states, "The North Carolina Department of Public Safety is committed to a standard of zero-tolerance of sexual abuse and sexual harassment toward offenders, either by staff, contractors, volunteers, or by offenders (5-ACI-3D-14). Therefore, it is the policy of Prisons to provide a safe, humane and appropriately secure environment, free from the threat of sexual abuse and sexual harassment for all offenders, by maintaining a program of prevention, detection, response, investigation, prosecution and tracking."

(b) The Hyde Correctional Institution PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. The position of the PREA Coordinator in the agency's organizational structure is the PREA Director.

The facility provided a NC Department of Adult Correction Organization Chart. Page 2 of the organization chart demonstrates the PREA Director is in the agency organizational chart and reports directly to the Professional Standards Deputy Secretary.

(c) The Hyde Correctional Institution PAQ states the facility has designated a PREA Compliance manager. The PREA Compliance Manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.

The facility provided a Hyde Organizational Chart demonstrating that the Facility

Compliance Specialist / PREA Compliance Manager is the facility PREA Compliance Manager who reports directly to the Facility Warden.

The facility provided a NCDAC Memorandum, RE: Designation of PREA Compliance Manager(s), from the facility Warden, stating, "As required by PREA Standards § 115.11 (c), I have designated the below listed staff as the primary and alternate PREA compliance managers for this facility. Designees have sufficient time and authority to coordinate this facility's efforts to comply with the PREA Standards. The designation demonstrates the Facility Compliance Specialist / PREA Compliance Manager is the primary and the Correctional Lieutenant 1 is the secondary PREA compliance manager.

Through such reviews, the facility meets the standard requirements.

Interviews:

1. Correctional Captain
2. Facility Compliance Specialist / PREA Compliance Manager
3. Correctional Warden III
4. PREA Director / Head of Agency

The interview with the Correctional Captain demonstrated she conducts unannounced rounds for the entire facility and typically starts from the back of the facility to the front of the administrative offices. The Captain states she observes blind spots, shower curtains, staff and offender behaviors, interactions with staff and offenders and reports anything she believes is 'off' to the Warden, immediately.

The interview with the PREA Director demonstrated the Regional Office is responsible for constructing and complying with facility staffing plans; however, the interview with the Correctional Warden III demonstrated he provides facility staffing plan component information to the PREA Office once a year and reviews the final report with the PREA Director.

Site review observation:

During the tour of the facility, unannounced rounds were reviewed in the Assistant Wardens' office in the Unannounced Rounds Log. The Unannounced Rounds Log demonstrated rounds began on 10.22.2019 through 8.7.2023. Documentation demonstrated rounds are documented five to six times per month at different times throughout the facilities four scheduled shifts.

(a) The Hyde Correctional Institution PAQ states the agency requires the facility to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against abuse. Since August 20, 2012, or last

PREA audit, whichever is later, the average daily number of inmates is 728. The average daily number of inmates on which the staffing plan was predicated is 728.

The facility provided a NCDPS Staffing Plan Analysis, Hyde Correctional Institution. The analysis demonstrates the following plan and review areas:

- NCDAC PREA Report: Staffing Analysis
- General Facility Information
 - o Mission
 - o Offender Population and Special Vulnerabilities
 - o Facility Program and Services
 - o Current Staffing Level
- § Facility Management
- § Physical Plant

 - o History of Potentially Violent Infractions
- PREA
 - o Prevalence of Substantiated and Unsubstantiated Incidents of Sexual Abuse and Harassment
 - o Previous Audit Findings
 - o Additional Information and/or Recommendations
- Conclusion

The staffing plan is signed by the PREA Director on 8.26.2022 and the Warden on 11.18.2022.

(b) The Hyde Correctional Institution PAQ states each time the staffing plan is not complied with, the facility documents and justifies deviations. The facility did not have deviations from the staffing plan. The PAQ states the most common reasons for

deviations is employee call outs, emergency transports and emergency responses.

(c) The Hyde Correctional Institution PAQ states at least once every year the facility/agency, in collaboration with the PREA coordinator, reviews the staffing plan to whether adjustments are needed in (a) the staffing, (b) the deployment of monitoring technology, or (c) the allocation of agency/facility resources to commit to the staffing plan to ensure compliance with the staffing plan. The facility completes a staffing plan annually to ensure continued compliance.

(d) The Hyde Correctional Institution PAQ states facility requires that intermediate level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment.

NCDPS PREA Prevention Planning, Policy DPS-PREA-100, page 9, section 5. ii, states, "Prohibit employees from alerting one another that supervisory rounds are occurring, unless such announcement is related to the legitimate operational functions of the facility."

The facility provided Hyde Correctional Institution Management Team Rounds (2023) demonstrating the Management Team conducts an unannounced security rounds / unannounced PREA Rounds monthly.

The facility provided Hyde Correctional Institution 4180 Unannounced Rounds logs from 12.22.2022 through 5.6.2023 demonstrating that 'PREA Rounds' are conducted several times throughout shifts, throughout the month.

Through such reviews, the facility meets the standard requirements.

Interviews:

1. Random Offenders
2. Targeted Offenders
3. Correctional Officers
4. Facility Compliance Specialist / PREA Compliance Manager

Formal interviews with offenders demonstrated three of the 30 offenders interviewed were of the LGBTQI community and both believed to be housed appropriately although one offender wanted to be moved back to a dorm he was removed from due to an incident; however, he was not being harassed in his current dorm. Of the 30 offenders who were interviewed 26 completed a full interview and each of those 26 offenders stated searches they had experienced were conducted respectfully. One informal interview with an offender demonstrated he believed the plexiglas in the showers needed to be covered as he attempted to demonstrate other offenders could 'look' in on them while showering. The Auditor and the PREA Compliance Manager had the offender step into the shower to cooperate his thoughts. The Auditor and the PREA Compliance Manager observed from the back of the shower the offender could only be seen from his upper chest up and when moving to the front of the shower, due to scratches on the plexiglas, the offender could only be seen from his breast plate and up.

Interviews with female Correctional Officers demonstrated each had been trained and had performed cross gender searches. Female Correctional Officers also stated they do not view and allow offenders while dressing, showering or using toileting facilities unless a happenstance occurs during rounds or count.

The interview with the PREA Compliance Manager demonstrated searches are always conducted with one staff to each offender being strip searched in the five cubicles in the search area when offenders are brought into the facility and or after contact visits.

Site Observation:

During the onsite review offenders were observed urinating in full view of other staff and offenders, in the restroom as a barrier is not currently available to block offenders when urinating. During the tour of the visitation area, it was observed that offenders can see one another naked during strip searches. During the tour of offender shower areas, it was observed offenders are placing garbage bags and sheets over shower windows creating a blind spot. Upon review of cameras of the

shower and strip search areas each were pixelated and or a black square was present on cameras blocking view of offenders while in these areas.

Action Plan:

- Provide a barrier to offender toileting areas to ensure staff of the opposite sex cannot view them while toileting.
- Provide a barrier between search cubicles and offender holding cells during strip searches.
- Provide a solution to offenders creating blind spots in the shower area by removing or shading plexiglas. Post audit the Correctional Warden III stated stained glass has been ordered to alleviate this issue.

Post audit the facility provided photographs demonstrating shower curtains have been placed in upper and lower dorm entrances to the toileting areas, receiving areas toileting area, holding toileting area, and receiving area search cubicles.

During the tour a blind spot was observed in the visitation area where a vending machine has been removed. A recommendation was requested that the facility place another vending machine in the blind spot or add a mirror to provide for added line of sight coverage. The facility's response, "The vending machine has been moved to the other of the area to remove the blind spot. A picture can be provided for this as well." The facility provided a photo of the placement of the vending machine, alleviating the blind spot.

(a) Hyde Correctional Institution PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their Inmates. In the past 12 months zero cross-gender strip or cross-gender visual body cavity searches of offenders.

NCDPSP SOP Operational Searches, Policy A.0700, page 2, section (d) (1). (A)., states, "Offenders housed at male facilities will be strip searched by male Correctional Officers, except in exigent circumstances as determined by the shift supervisor. In such cases the staff conducting the search will thereafter submit a statement by witness form, explaining the exigent circumstance that justified the search exceptions. A supervisor will be responsible for completing an Incident Report."

(b) Hyde Correctional Institution PAQ states this standard is not applicable as females are not housed at the Hyde Correctional Institution.

(c) Hyde Correctional Institution PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified. Policy compliance can be found in provision (a) of this standard.

(d) Hyde Correctional Institution PAQ states the facility has implemented policies and procedures that enable Inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering an inmate housing unit.

NCDPS PREA Prevention Planning, Policy Number: DPS-PREA-100, page 9, section B. d., states, "Implementing policies and procedures that enable offenders, residents, and safekeepers to shower, perform bodily functions, and change clothing without nonmedical employees of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require employees of the opposite gender to announce their presence when entering an offender, resident, and safekeeper housing unit."

(e) The Hyde Correctional Institution PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex Inmate for the sole purpose of determining the Inmate's genital status. Such searches did not occur in the past 12 months.

NCDPSP SOP Operational Searches, Policy A.0700, page 3, section (L), states, "Physically examining or searching of any offenders, to include transgender/intersex offenders, solely for the purpose of determining the genital status is prohibited."

(f) The Hyde Correctional Institution PAQ states 100% of security staff at each facility receive training on conducting cross-gender pat-down searches and searches of transgender and intersex Inmates in a professional and respectful manner.

NCDPS PREA Prevention Planning, Policy Number: DPS-PREA-100, page 10, section B. f., states, "Training applicable employees in how to conduct cross-gender pat-down searches, and searches of transgender and intersex offenders, residents, or safekeepers, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs."

The facility provided NCDPS Safe Search Practices. Training objectives include the following.

1. Define safe search practices as it relates to prison operations.
2. Identify six (6) types of operational searches conducted by officers to control contraband.
3. Identify the attitude an officer should have when inspecting for contraband.
4. Identify the three (3) types of individual searches.
5. Identify the five (5) rules to follow when conducting a body search.
6. State the three (3) areas on a person that are common places to hide contraband.
7. Identify things to avoid while conducting a routine body search.
8. After instructor demonstration, trainees will conduct a routine body search.
9. Describe the proper techniques for conducting a complete body search.
10. State who is authorized to conduct body cavity searches.
11. Describe the proper techniques for conducting a building and living quarter's search.
12. Describe the techniques used in the care of inmate property.
13. State the final action to be taken after the completion of a search.
14. List proper control of evidence.
15. State how correctional staff can control the flow of contraband inside the facility.

The facility provided a Training Progress Summary Pie Chart - SOP In-Service - Safe Search Practices demonstrating each individual employee listed on the roster has completed Safe Search Practices.

Standardized bulletin boards were witnessed throughout the facility. Postings of the following were posted in English and Spanish. Multi-colored Audit Notices, Sexual Abuse Awareness for Inmates, Prison Rape Elimination Act, Reporting - Help Prevent Prisons Sexual Violence, and Professionalism Boundary Violations.

Site Review Observation:

By utilizing the PREA Audit Adult Prison & Jail Documentation Review Employee File/ Records template, 32 employee files reviewed demonstrated each had background checks upon hire and within five years, thereafter. The facility was able to demonstrate administrative adjudication questions were asked during the application and promotion processes and institutional references are requested or attempted to be requested, during the hiring process.

(a) The Hyde Correctional Institution PAQ states the agency policy prohibits hiring or promoting anyone who may have contact with inmates and prohibits enlisting the services of any contractor who may have contact with inmates who: (1) Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); (2) Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or (3) Has been civilly or administratively adjudicated to have engaged in the activity described in paragraph (a)(2) of this section.

The facility provided a Prison Rape Elimination Act (PREA): Ways to Report flyer. The flyer includes the following information.

- Explanation of PREA
- Policy

- Employee Responsibilities
- Staff Reporting
- Inmate Reporting
- Family & Friends: Ways to Report

(e) The Hyde Correctional Institution PAQ states the facility maintains documentation of inmate participation in PREA education sessions.

The facility provided a NCDPS Offender PREA Education Acknowledgement in English and Spanish. The acknowledgement is signed and dated by the offender and a witness attesting to the following.

“The North Carolina Department of Public Safety has committed to a standard of zero-tolerance of sexual abuse and sexual harassment of offenders either by staff, offenders, volunteers, contracted agents, or individuals having custody of or responsibility for the safety, security, care, and/or treatment of offenders. Sexual acts between an offender and departmental staff, correctional agents, agency vendors, and volunteers will not be tolerated and these relationships are criminal and may be prosecuted under state and federal statutes. I have received education on the Prison Rape Elimination Act, information on Rape Crisis Center services, and have been afforded an opportunity to ask questions related to the material presented. I understand that I am encouraged to report any threat or occurrence of undue familiarity or offender sexual abuse and harassment to Department of Public Safety staff so that any potential victim may be protected and the abuser can be prosecuted to the fullest extent of the law.”

(f) The Hyde Correctional Institution PAQ states the agency ensures that key information about the agency’s PREA policies is continuously and readily available or visible through posters, inmate handbooks, or other written formats.

The facility provided an End the Silence Brochure. The brochure includes the following information.

3. NCDPS OPA-S010 Screening for Risk, dated 10.18.2021

Interviews:

1. Random Offenders
2. Targeted Offenders
3. Correctional Case Manager

Interviews with offenders demonstrated most had remembered being asked risk questions during the intake process and could remember being asked like questions again within two to three weeks of their intake date.

Interviews with the Correctional Case Manager demonstrated that risk assessments are completed with each offender upon admission and or at least within 72 hours of intake. The Correctional Case Manager stated risk assessments are completed in her office one on one or perhaps sometimes when her office mate is in the office. The Correctional Case Manager stated she assesses if offenders are at high risk for victimization and or abusiveness, transgender safety concerns, disabilities, background to include gang involvement and any past collateral she may be able to review.

Site Observation:

Through utilization of the PREA Audit Adult Prison & Jail Documentation Review Inmate File / Records Review template, 21 of 25 offender risk screenings were completed within 72 hours of admission and 23 of 25 reassessments were completed within 30 days of admission. Of the four 72 hour and two of the 30-day risk assessments, two transfer sheets could not be located.

(a) The Hyde Correctional Institution PAQ states the facility has a policy that requires screening, upon admission or transfer, for risk of sexual abuse victimization or sexual abusiveness toward other Inmates.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 11-12, section (e) General Provision, (1)(A) states, "Screening for risk of victimization and abusiveness:

A. All offenders and safekeepers shall receive a screening inventory, administered

via the web-based OPUS intake system, within 24 hours after admission to Prisons (5-ACI-3D-10). Diagnostic Services staff shall conduct screening to determine an offender's risk of being sexually abused by other offenders or their risk of being sexually abusive towards other offenders (5-ACI-3D-12, 5-ACI-3D-13). The screening shall use an objective screening instrument that obtains the following minimum biographical data about the offender:

- (i) Whether the offender has a mental, physical, or developmental disability;
- (ii) The age of the offender;
- (iii) The physical build of the offender;
- (iv) Whether the offender has previously been incarcerated;
- (v) Whether the offender's criminal history is exclusively nonviolent;
- (vi) Whether the offender has prior convictions for sex offenses against an adult or child;
- (vii) Whether the offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
- (viii) Whether the offender has previously experienced sexual victimization;
- (ix) The offender's own perception of vulnerability; (x) Whether the offender is detained solely for civil immigration purposes; and
- (x) The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing offenders for risk of being sexually abusive."

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 12, section (G), states, "Upon transfer to another facility, within 24 hours, the PCM and/or OIC shall review an offender's risk of victimization and abusiveness by reviewing the dashboard and acknowledging housing placement is appropriate."

(b) The Hyde Correctional Institution PAQ states the number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexually abusing other inmates with 72 hours of their entry into the facility was 1268, 100% of inmates. Policy compliance can be found in provision (a) of this standard.

(c-e) The Hyde Correctional Institution PAQ states the facility conducts risk assessments by using an objective screening instrument. The facility does not house offenders solely for civil immigration purposes.

The facility provided a NCDPS OPA-S010 Screening for Risk. The screening includes the following components:

A. Ask the Person in Confinement

1. (§115.41(d)1-3 and 115.241(d)1-3 (fig.1, q.1-3, 10))

i. General information such as gender, body build, race, age, date of birth, and height

ii. Health class information to include physical capability and mental health

iii. Education level to include: Highest grade completed (if Person in Confinement is a HS graduate or has a GED? Years of college-if applicable

iv. If the Person in Confinement has any ADA status requirements?

v. Status as Developmental Disability?

2. (§115.41(d)4-6 and 115.241(d)4-6 (fig.1, q.4-6))

i. Previous incarceration

ii. Criminal History (Fig 2)

iii. Prior convictions for sex offenses against an adult or child

Note: This information reassesses in the event new charges have been added.

3. (§115.41(d)7-9 and 115.241(d)7-9 (fig.1, q.7,11-13))

i. If the Person in Confinement is gay, lesbian, bisexual, transgender, intersex, or gender non-conforming

ii. If the Person in Confinement has experienced prior sexual victimization

iii. Offender's/resident's own perception of vulnerability (115.81(a-c)), they will be afforded an opportunity for a follow-up meeting with mental health. (fig.1, q.13)

B. Observe the Person in Confinement

1. (§115.41(d)7 and 115.241(d)7 (fig.1, q.14)

Does the screener perceive the Person in Confinement to be gay, lesbian, bisexual, transgender, intersex or gender nonconforming?

C. Alerts and Referrals

1. An automatic referral is made to mental health when there is a “Yes” response to any question 1-6.”

(f) The Hyde Correctional Institution PAQ states the policy requires that the facility reassess each inmate’s risk of victimization or abusiveness within a set time period, not to exceed 30 days after the inmate’s arrival at the facility, based upon any additional, relevant information received by the facility since the intake screening. The number of inmates entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 30 days or more) who were reassessed for their risk of sexual victimization or of being sexually abusive with 30 days after their arrival at the facility based upon any additional relevant information received since intake was 1008.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 12, section (F), states, “Within a set time period, not to exceed 30 days from the offender’s arrival at the facility, the facility will reassess the offender’s risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening.”

(g) The Hyde Correctional Institution PAQ states the policy requires that an inmate's risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 13, section (H), states, “An offender’s risk level shall be reassessed when warranted due to a referral, request, incident of sexual abuse and/or sexual harassment, or receipt of additional information that bears on the offender’s risk for sexual victimization or abusiveness.”

(h) The Hyde Correctional Institution PAQ states the policy prohibits disciplining inmates for refusing to answer (or for not disclosing complete information related to)

	<p>questions regarding: (a) whether or not the inmate has a mental, physical, or developmental disability; (b) whether or not the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming; (c) whether or not the inmate has previously experienced sexual victimization; and (d) the inmate's own perception of vulnerability.</p> <p>NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 12, section (E), states, "Offenders may not be disciplined for refusing to answer or for not disclosing complete information during screening or assessment."</p> <p>(i) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 11, section (D), states, "The responses to the MHSI, are confidential; therefore, the facility shall implement appropriate controls on the dissemination of responses to questions asked in order to ensure that sensitive information is not exploited to the offender's detriment by staff or other offenders."</p> <p>Through such reviews, the facility meets the standard requirements.</p>

Facility Compliance Specialist / PREA Compliance Manager 3. Correctional Warden III 4. PREA Director / Head of Agency

Interviews with administrative staff demonstrated the Warden, PREA Compliance Manager, Assistant Wardens, Medical staff, Investigators and Program staff are the only personnel who have access to completed risk assessment. Interviews demonstrated the facility has specific housing assignments for potential victims and are kept separate from potential abusers. After review of inmate incident history through the classification process, work and education assignments are assigned in kind to ensure cross over of potential victims and abusers does not occur within the facility. The Correctional Capitan completes classification assignments for the facility.

The interview with the PREA Director demonstrated the agency has a Transgender Accommodation Review Committee that reviews all special requests from individual transgender inmates. In addition, the PREA Director stated the agency system will not allow potential victims and potential aggressors to be placed in work or education assignments at the same time, preventing any possible ongoing victimization and or perpetration incidents from taking place. The interview with the PREA Compliance Manager demonstrated the facility also has a Transgender Accommodation Review Committee which meets monthly and or when a need is presented.

Site Observation:

Review of staff protocols and inmate placement in particular dorms and dorm placement, demonstrated thought and consideration is placed on inmates who could be considered victims and or aggressors in order to ensure sexual safety throughout the facility.

(a) The Hyde Correctional Institution PAQ states the facility uses information from the risk screening required by §115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 13-14, section (3) Use of screening information, (C) states, "Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law."

(b) The Hyde Correctional Institution PAQ states the agency/facility makes individualized determinations about how to ensure the safety of each inmate. Policy

compliance can be found in provision (a) of this standard.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section 3 (B)(iv), states, “) The facility shall make individualized determination for bed assignments, based on facility housing designs, to ensure the safety of each offender.”

(c) The Hyde Correctional Institution PAQ states the agency/facility makes housing and program assignments for transgender, or intersex inmates in the facility on a case-by-case bases.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (E) states, “In deciding whether to assign a transgender or intersex offender to a facility for male or female offenders, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the offender’s health and safety, and whether the placement would present management or security problems.”

(d) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (F) states, “Placement and programming assignments for each transgender or intersex offender shall be reassessed by the case manager at least twice each year to review any threats to safety experienced by the offender.”

(e) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 15, section (G) states, “A transgender or intersex offender’s own views with respect to his or her own safety shall be given serious consideration.”

(f) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (H) states, “Transgender and intersex offenders shall be given the opportunity to shower separately from other offenders.”

(g) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 14, section (I) states, “The agency shall not place lesbian, gay, bisexual, transgender, or intersex offenders in dedicated facilities, units,

or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such offenders.”

Through such reviews, of the agency Transgender Accommodation Review Committee and agency database not allowing potential victims and potential aggressors to be assigned work and or education assignments to take place at the same time and the Correctional Captain checking each potential victim and aggressor assigned to the facility to ensure bed, work and education assignments do not allow for each to be placed in secluded areas and or near one another, the facility exceeds the standard requirements.

2. NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, dated 6.9.2022

Interviews:

1. Restricted Housing Correctional Officer
2. Correctional Warden III

The interview with the restricted housing Correctional Officer demonstrated that he had not experienced a victim of sexual abuse being placed in restricted housing in the time he has been assigned his post. The Correctional Officer stated he was aware if a victim was placed in restricted housing and were denied privileges those denials needed to be documented and explained to the victim.

The interview with the Correctional Warden III demonstrated victims of sexual abuse had not been placed in restricted housing in the past 12 months. However, if victims are placed in restricted housing it would be due to those victims requesting protective housing. The Correctional Warden stated if victims placed if programs, privileges and work assignments were restricted, the Program staff would document such occurrences and communicate to offenders.

(a) The Hyde Correctional Institution PAQ states the agency has a policy prohibiting the placement of inmates at high risk for sexual victimization in involuntary segregated housing unless and an assessment of all available alternatives has been made and a determination has been made that there is not available alternative means of separation from likely abusers. The number of inmates at risk of sexual victimization who were held in involuntary segregated housing the past 12 months for one to 24 hours awaiting completion of assessment was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (4)(A) Protective Custody A., states, "Offenders at high risk for sexual victimization shall not be placed in restrictive housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers (5-ACI-4B-34). If a facility cannot conduct such an assessment immediately, the facility may hold the offender in restrictive housing for less than 24 hours while completing the assessment."

(b) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 16, section (4) (B)., states, "Offenders placed in restrictive housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document:

- i. The opportunities that have been limited;
- ii. The duration of the limitation; and
- iii. The reasons for such limitations."

(c) The Hyde Correctional Institution PAQ states the number of inmates at risk of sexual victimization who were assigned to involuntary segregated housing in the past 12 months, for longer than 30 days while awaiting alternative placement was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4) (C)., states, "The facility shall assign such offenders to restrictive housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.

(i) Alternative placements can include, but are not limited to, the following temporary

options:

- Relocation to a different housing unit;
- Placement in a cell or bed closer to the Corrections Officer's desk within the unit;
- Any other housing area that the facility head or designee deems appropriate to separate from likely abusers."

(d) The Hyde Correctional Institution PAQ states from a review of case files of inmates at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months, the number of case files that include BOTH (a) a statement of the basis for facilities concerns for the inmate's safety, and (b) the reason or reason why alternative means of separation could not be arranged was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4)(D), states, "If a restrictive housing assignment is made pursuant to paragraph (a) of this section, the facility shall clearly document:

- i. The basis for the facility's concern for the offender's safety; and
- ii. The reason why no alternative means of separation can be arranged.
- iii. The other alternative means for separation that were explored;

(e) The Hyde Correctional Institution PAQ states if an involuntary segregated housing assignment is made, the facility affords each such inmate a review every 30 days to determine whether there is a continuing need for separation from the general population.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 17, section (4)(E), states, "Every 30 days, the facility shall afford each such offender a review to determine whether there is a continuing need for separation from the general population."

Through such reviews, the facility meets the standard requirements.

5. PREA Reporting - Help Prevent Prison Sexual Violence Flyer - English and Spanish, dated 3.24.2023

Interviews:

1. Random Offenders
2. Targeted Offenders
3. Correctional Officers
4. Mailroom Personnel

Interviews with the 30 formal and four informal offenders demonstrated each were aware of reporting options to include telling an officer, calling the PREA hotline, third party reporting, and reporting through a grievance or writing a letter.

Correctional Officers stated they would accept and report any type of allegation received or perceived to their supervisors, the Office in Charge who would report up the Chain of Command.

Informal interviews with the mailroom personnel demonstrated outgoing professional mail is logged in the legal mail log and a legal mail stamp is stamped on each outgoing envelope. Outgoing legal mail is never opened. Incoming legal mail is checked to assure the legal entity is verified, logged in the legal mail and delivered by the Sergeant who opens the mail in front of the offender.

Site Observations:

Standardized bulletin boards with postings with internal and multiple external reporting options in each living unit and throughout highly trafficked areas in the facility. Records in the facility are kept electronically, to include risk assessments and paper jackets to include offender PREA education acknowledgments. As stated in §115.41, limited staff have access to completed risk assessments and file record clerks are the only staff who have access to offender jackets. During the tour the mailroom was observed and found to be locked with a listing of staff on the exterior of the door, allowed entrance, to include the Warden, Assistant Wardens, Administrative Officer (those who pass out mail) are allowed access to the mailroom.

During the onsite review the PREA hotline was dialed from an offender payphone. A message was left requesting a call back to ensure the call was received. A return call, from the PREA office, was received on the same day, within one hour of the request for a call back.

(a) The Hyde Correctional Institution PAQ states the agency has established procedures allowing for multiple internal ways for inmates to report privately to agency officials about: (a) sexual abuse or sexual harassment; (b) retaliation by other inmates or staff for reporting sexual abuse and sexual harassment; and (c) staff neglect or violation of responsibilities that may have contributed to such incidents.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 18, section (f)(1)(A)(i), states, "Multiple internal ways shall be provided for offenders to privately report sexual abuse and sexual harassment, retaliation by other offenders or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents."

Offenders interviewed were aware of the grievance procedures, stated grievances are available in their living areas or by asking the Correctional Officer in the booth. Offenders stated grievances are provided upon request and each has writing utensils.

Site Observation:

A grievance box was observed in the Administrative Hallway where offenders have access throughout the day as this minimum-security institution allows free movement during a large portion of every day.

(a) The Hyde Correctional Institution PAQ states the agency has an administrative procedure for dealing with Inmate grievances regarding sexual abuse.

NCDPS Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 1, section (a)-(d), state,

a. "The policy of the North Carolina Department of Public Safety is to provide inmates an opportunity for administrative settlement of legitimate grievances. Most grievances can be resolved quickly through informal communication with responsible authorities at the facility in which the problem arose. An inmate should be encouraged to use this method prior to the initiation of a formal grievance. When this method is not possible, the Department of Public Safety seeks to reduce tension and provide a stable atmosphere by providing formal channels of communication of grievances.

b. A grievance is a written complaint by an inmate on the inmate's own behalf concerning an action, incident, policy, or condition within the facility or within Prisons as a whole.

c. The Administrative Remedy Procedure shall afford a successful grievant a meaningful remedy to include but not be limited to, an order requiring that specific action be taken, modification of Prisons policy, restoration or restitution for personal property, and such other remedies that will meaningfully resolve the grievance presented.

d. Employees who intentionally obstruct the grievance process shall be subject to disciplinary action."

The facility provided a NCDAC Memorandum, Subject: Policy Availability, to the Offender Population, from the facility Warden, stating, "The following policies are available for checkout from the control center. The checkout process will require you

to surrender your identification card to the control center operator in lieu of being given the policy to review. Upon completing the review of the policy, simply take the policy back to the control center and you will be given your identification card back. B.0200: Offender Disciplinary Procedures; G.0300: Administrative Remedy Process.”

(b) The Hyde Correctional Institution PAQ states agency policy or procedure allows an inmate to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred.

NCDPS Policies & Procedures Chapter G Section .0300, page 6, section (c) 1-3, states,
“

“If an emergency grievance alleges an inmate is subject to a substantial risk for imminent sexual abuse, the facility shall:

1. immediately forward the grievance (or any portion thereof that alleges such substantial risk) to a level of review at which immediate corrective action can be taken,
2. provide an initial response with 48 hours, and
3. issue a final agency decision with 5 calendar days.

The initial response and final agency decision shall document the agency’s determination that the inmate is at substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance.”

(c) The Hyde Correctional Institution PAQ states the agency’s policy and procedure allows an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. The agency’s policy and procedure require that an inmate grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint.

NCDPS Policies & Procedures Chapter G Section .0300, page 3, section .0305 Screening Officer, states, “Facility Heads will appoint one or more screening officers to review grievances and decide whether they should be accepted or rejected under the criteria set forth in Sections .0304 and .0306 herein. Facility Heads may designate screening officers or screen grievances themselves. The appointment of fair and knowledgeable screening officers will ensure compliance with the grievance procedure and facilitate mediation of grievances at the facility level. No employee who appears to be involved in a grievance shall participate in any capacity in the

resolution process, except as a witness where necessary. In addition, no employee who appears to be involved in an inmate sexual abuse or harassment allegation shall accept a grievance which suggests such personal involvement or shall participate in any capacity in the response to the grievance.”

(d) The Hyde Correctional Institution PAQ states the agency’s policy and procedures that require a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months there has been two grievances filed alleging sexual abuse.

NCDPS Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 4, section .0307 Time Limits (a), states, “From filing to final disposition, all grievances shall be processed within ninety (90) days. For purpose of counting days under the grievance procedure, all references to days shall be interpreted to mean calendar days. The 90-day period commences the day after the grievance has been accepted.”

NCDPS Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 5-6, section .0307 Time Limits (5)(6), state,

5. “If at any level of the administrative remedy process, including the final level, the inmate does not receive a response within the time provided for reply, including any properly noticed extension, the absence of a response shall be a denial at that level which the inmate may appeal, but the 24 hours’ time limit to request an appeal does not begin until the inmate receives a written denial.

6. Prisons may grant an extension of time to respond for up to 70 days, if the normal time period for response is insufficient to make an appropriate decision. The agency shall notify the inmate in writing of any such extension and provide a date by which a decision will be made.”

The facility provided a Correspondence Tracking Summary Report demonstrating the facility has two grievances pertaining to PREA in the last 12 months.

(e) The Hyde Correctional Institution PAQ states agency policy and procedure permit third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse and to file such requests on behalf of inmates. Agency policy and procedure requires that if an inmate declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the inmate’s decision to decline. The number of grievances alleging sexual abuse filed by

inmates in the past 12 months in which the inmate declined third-party assistance, containing documentation of the inmate's decision to decline was zero.

NCDPS Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 2, section .0302 Accessibility, section (4), states, "Third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates shall be permitted to assist inmates in submitting a grievance relating to allegations of sexual abuse and shall be permitted to submit such a grievance on behalf of an inmate. If a third party submits a grievance on behalf of an inmate, the facility may require, as a condition of processing the grievance, that the alleged victim agree to have the grievance submitted on his or her behalf and also may require the alleged victim personally to pursue any subsequent steps in the grievance process. If the inmate declines to have the grievance processed on his or her behalf, the facility shall document the inmate's decision. (A)

If the inmate declines to have the grievance processed on his or her behalf, the facility shall document the inmate's decision."

(f) The Hyde Correctional Institution PAQ states the facility has a policy and established procedures for filing an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse. The facilities policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours. The facilities policy and procedure for emergency grievances alleging substantial risk of imminent sexual abuse require that a final agency decision be issued within five days. Zero emergency grievances were received alleging substantial risk of imminent sexual abuse, that were filed in the past 12 months.

NCDPS Policy & Procedures Chapter G.0300 Administrative Remedy Procedure, page 2, section .0308 Emergency Grievances, section (e), states, "If an emergency grievance alleges an inmate is subject to a substantial risk for imminent sexual abuse, the facility shall:

1. immediately forward the grievance (or any portion thereof that alleges such substantial risk) to a level of review at which immediate corrective action can be taken,
2. provide an initial response with 48 hours, and
3. issue a final agency decision with 5 calendar days.

The initial response and final agency decision shall document the agency’s determination that the inmate is at substantial risk of imminent sexual abuse about and. the action taken in response to the emergency grievance.”

(g) The Hyde Correctional Institution PAQ states the facility has a written policy that limits its ability to discipline an inmate for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the Inmate filed the grievance in bad faith. In the past 12 months, there have been zero grievances alleging sexual abuse to occasions where the agency demonstrated that the Inmate filed the grievance in bad faith.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 31, section (4) Offenders, (e), states, “For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.”

Through such reviews, the facility meets the standard requirements.

Site Observation:

24/7 Crisis Hotline postings with contact and mailing address were observed in dorms and on the standardized bulletin boards located throughout the facility. During the onsite review the Auditor tested offender payphones by dialing *63 and was connected with the crisis hotline.

(a) The Hyde Correctional Institution PAQ states the facility provides Inmates with access to outside victim advocates for emotional support services related to sexual abuse by:

(b) The Hyde Correctional Institution PAQ states the facility informs Inmates, prior to giving them access to outside support services, the extent to which such communications will be monitored. The facility informs inmates, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply for disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 23, section (F), states, “The facility shall inform the offenders, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.”

(c) The Hyde Correctional Institution PAQ states the facility maintains memoranda of understanding with community service providers that are able to provide inmates with emotional support services related to sexual abuse.

The facility provided a NCDAC Memorandum of Understanding, REAL Crisis Intervention Inc. The memorandum is current and in full force for one year from the date of the signature. The memorandum is signed and dated by the Superintendent of Hyde Correctional Institution and the Executive Director of REAL Crisis Intervention Inc. on 10.25.2022.

On 7.14.2023 at 1:53 pm EST, this Auditor phoned the REAL Crisis Intervention Center at 252.758.4357, address 1310 E. Arlington Blvd., Greenville, North Carolina. After proper introductions and the reason for the call the Auditor was told by the operator, I would need to call back the following Monday to talk to the person in charge as she could not answer questions regarding how the agency would respond if an offender called the center regarding the need for emotional support services in cases of sexual assault.

Through such reviews, the facility meets the standard requirements.

Interviews with the facility personnel and offenders demonstrated each actively practices and understood the importance of immediately reporting all allegations of sexual harassment and sexual abuse to their immediate supervisor or the Office in Charge.

Site Observations:

By utilizing the PREA Audit – Adult Prisons & Jails Documentary Review – Investigations template demonstrated victims of sexual harassment and sexual abuse reported twice to the PREA Department, and twice verbally to staff. Each allegation was referred for investigation on the day the allegation was received.

Correctional Officers <p>Interviews with Correctional Officers demonstrated they were aware of their first responder responsibilities. If sexual abuse occurred, Correctional Officers stated they would immediately stop abuse, separate victims and aggressors, ensure the victim was safe and taken to the medical department and not allow the victim or the aggressor to, drink, wash, or disturb evidence in any way.</p>

(a) The Hyde Correctional Institution PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that an inmate was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

In the past 12 months, two allegations occurred where an inmate was sexually abused. Of these allegations, the number of times the first security staff member to respond to the report separated the alleged victim and abuser was two. In the past 12 months, there was zero allegation where staff were notified within a time period that allowed for the collection of evidence. Of these allegations in the past 12 months where staff were notified within a time period that still allowed for the collection of physical evidence, the number of times the first security staff member to respond to the report preserved and protected any crime scene until appropriate steps could be taken to collect any evidence was zero. Of these allegations in the past 12 months where staff were notified within a time period that still allowed for the collection of physical evidence, the number of times the first security staff member to respond to the report requested that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 20-22, section (3)(A), states, "Upon learning of an allegation that an offender was sexually abused, the first security staff member to respond to the report shall be required to:

- i. Take necessary steps to separate the alleged victim and abuser. If the Facility Head, in consultation with the PREA Support Person, determines that the safety of the offender victim requires placement in administrative segregation, then:
 - Such restrictive housing shall be administered in accordance with the applicable policies and procedures for restrictive housing for administrative purposes.
 - The Warden has the discretion regarding how separation occurs, who is moved, and where. Should the alleged victim be placed in restrictive housing, then an analysis of 1) information from the Preliminary Review to include the type of allegation, 2) prior complaints filed against the alleged abuser, 3) will the movement

appear punitive toward an alleged victim shall be considered, and 4) documentation of the decision to move the alleged victim.

- The Region Director and the DPS PREA Office shall be notified of the use of restrictive housing and the reasons therefore.
- To the maximum extent possible, the offender victim while in restrictive housing for administrative purposes shall have the same privileges of access to the canteen, telephone, visitation and property as they were afforded prior to reporting.
- Within 3 business days of the offender victim's release from restrictive housing for administrative purposes, the Warden or designee will return the offender victim to the gain time job assignment the offender victim had prior to period of restrictive housing for administrative purposes, if available. If, for operational reasons, the offender victim's prior job assignment is unavailable, the Warden or designee will place the offender victim in another gain time job assignment that is at least equal to the prior gain time job assignment.
- The Warden or designee will notify the Region Director in writing, that the offender victim has either been returned to prior job assignment or placed in equivalent one.
- Within three business days of the receipt of the written notification from the Warden or designee, the Region Director, or their designee will request in writing to the Director of Rehabilitative Services that the offender victim's gain time be restored.
- When offender victim is released from restrictive housing, whenever possible shall be allowed to return to previously assigned housing unit unless, in the discretion of the Warden, doing so exposes the offender to an increased risk to the offender victim's safety and security or the orderly operation of the facility."

(b) The Hyde Correctional Institution PAQ states the facility's' policy requires that if the first staff responder is not a security staff member, that responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and notify security staff. Of the allegations that an inmate was sexually abused made in the past 12 months, the number of times a non-security staff member was the first responder was zero.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 22, section (3) First Responder, (B) states, "If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff."

Interviews:

1. Correctional Case Manager

The interview with the Correctional Case Manager demonstrated she brings victims of sexual abuse to her office upon receipt of the allegation of sexual abuse. At that time, she informs the victim of her role with retaliation monitoring, processes of monitoring, ensures the victim is aware he can speak with her and ask her questions regarding the investigation at any time. The Correctional Case Manager stated she documents her initial meeting with the victim and every 30 days thereafter for up to 90 days and or as long as is necessary.

On Site Observation:

The facility has received two sexual abuse allegations in the past 12 months; however, the victim in both allegations did not identify a witness therefore retaliation monitoring could not be conducted.

(a) The Hyde Correctional Institution PAQ states the agency has a policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff. The agency designates staff member(s) or charges department(s) with monitoring for possible retaliation. The facility designates the PREA Compliance Manager for retaliation monitoring.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 31, section (g)(1) -(2), state, "Retaliation: Retaliation against staff or offenders making an allegation of offender sexual abuse or sexual harassment is prohibited.

(1) Offender monitoring – see section .3406 (f)5 victim support.

(2) Staff monitoring – see section .3406 (f)6 PREA compliance manager.”

The facility provided an NCDPS Prison Rape Elimination Act (PREA) Offender/Juvenile Retaliation Monitoring and Period Status Checks Form OPA-124. This form states, “periodic status checks are required.” “Note: It is recommended that periodic status checks be documented in this section at a minimum of every 30 days.” The form provides an area to include the date, comments and PSP Initials, signs of retaliation, yes or no and any additional comments.

(b) NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 24, section (I)(v), states, “Continue monitoring for a minimum of 90 days or beyond 90 days if the initial monitoring indicates a continuing need.”

(c) The Hyde Correctional Institution PAQ states the facility monitors the conduct or treatment of inmates or staff who reported sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by inmates or staff. The length of time that the facility monitors the conduct of treatment is 90 days. The facility acts promptly to remedy any such retaliation. The agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. In the past 12 months, the facility has had zero incidents of retaliation.

NCDAC Prisons Policy & Procedures, Section F.3400 Offender Sexual Abuse and Sexual Harassment Policy, page 24, section (I)(i)(ii), state,

i. “Upon notification of a Sexual Abuse or Sexual Harassment allegation the PSP will initiate monitoring the alleged victim and offender who reported the allegation or cooperated with officials during the investigation.
